

K-Love serves as a great way for people to hear Christian music. It is great that everyone can listen without having to censor anything or have to worry about little kids hearing things they don't need to be hearing. There is nothing like this around this community and would be horrible if something would happen where it would have to go off the air. There are many instances where I tell people to just listen to the radio station and listen to the words of the songs and I can see it changing their lives and doing a work in their lives. This station provides a station that people can get encouragement and strength through listening to other believers. There is always strength in dwelling on things that are of God. And without this, it would be hard for a lot of people to listen and stay strong. They would be forced to listen to secular stations which would be a bad thing. Please do not even consider taking them off the air. It is not in the public's best interest.
